

MAGNOLIA COLLECTION SS21

ESME VIE

Born in 2013 in Milano, Esme Vie established itself as a luxurious fashion house, gaining recognition as a high end label catering to a distinct clientele.

Aiming to praise a timeless beauty and modern elegance, Esme Vie' s designs, calls a formal experimentation of geometric dimensions and sobriety with a glamorous heart.

Esme Vie claims original visions, often influenced by the interweaving of dreams and reality, in which style is translated into the contamination of languages and the setting stages of one's passions.

Searching the beauty of nature with meticulously handcrafted peonies and assorted flower cascades that embraces femininity to capture the essence of luxury and tell fairy tales recapturing the essence of wearable art.
